

LEADING MANUFACTURER OF ENERGY EFFICIENT MODULAR SMPS BATTERY CHARGERS

Suitable for Lead Acid,
VRLA, NI-CD Batteries

Over 20,000 Systems Supplied to telecommunication Electric Utilities, Oil Gas, Railways, Defence and many other Industrial Applications.

SMPS technology systems are 1/3rd in size and 1/3rd in weight of conventional systems & provide (n+1) redundancy. Very low maintenance due to modular concept.

- Dyna have manufacturing facility of 5,000 sq.m. with strong R&D, team and 24x7 technical support service.
- Dyna is a solution provider in the field of DC power systems/battery chargers.
- Worked on many prestigious projects with MNC's and PSU's.

Product Range : (SMPS Technology)

- FCBC / SMPS Power Plants
DC- Output-24V, 48V, 110V
- Battery Chargers
12V, 24V, 48V
- DC-DC Convertors
Input Output- 24V, 48V, 110V

NEW PRODUCTS (Compact Size)

- 48V/100A SMPS Power Plant
- 48V/7A FCBC
- DYNA MASTER Charger for Automobile Batteries from 35AH to 200AH

Approvals :

TEC , RDSO, most of our products meets CE/UL specifications.
